CSCI 002   Name_____

Binary Search Trees

Beginning with an empty binary search tree, illustrate the tree that is formed by inserting the following letters in order.

    1.   J, N, B, A, W, E, T

    2.   A, C, E, F, L, V, Z

    3. Arrange the nodes of the previous binary search tree (#2) that has minimum height.
